

2017 NCCSO TRAINING SCHEDULE

Dynamic Cell Extraction ® (DCE)/KSG Armorer

June 5 - 9, 2017

July 10 - 14, 2017

August 21 - 25, 2017

November 27 - December 1, 2017

December 18 - 22, 2017

Cost: \$999

Thousands of cell-extractions have been performed using the methods taught in this course. This program is proven to reduce officer injury, inmate injury, and liability in your facility. This is the most comprehensive cell extraction program you'll find. It was completely designed and developed by the cadre at US C-SOG. This course uses the latest in technology and tactics. If you want to learn the most effective cell-extraction techniques available you need to sign up for this class.

KSG Armorer Course:

The Kel-Tec KSG Armorers course covers the Kel-Tec tactical shotgun systems and provides instruction on how to diagnose and repair malfunctions, return KSG shotguns to factory specifications, perform function inspections, check headspace and more.

US C-SOG has designed this course to be user friendly regardless of weapons skill or armorer level. All students that complete this course will do so with a high level of confidence. Additionally, this course is the only factory-authorized armorers course.

Corrections Hostage Rescue Training ® (CHRT)

July 3-7, 2017

October 23 - 27, 2017

Cost: \$1400

Please email for more details and requirements to attend this course.

CSO Tactical KSG Shotgun

July 17-20, 2017

November 13 - 16, 2017

Cost: \$699

Beginning with a review of firearms safety and the fundamentals of shooting, the course will quickly progress into instruction on Tactical KSG shotgun patterns using different ammunition and use of cover as well as other skills critical in the tactical environment.

Regardless of the students' skill sets, this course will develop more advanced skills in a variety of shooting situations designed to challenge the student as well as increase their confidence and skill levels with their carbine in tactical situations. A great deal of tactical practice - learned skills through stress inoculation practical drills - will improve the student's ability to effectively engage threats under a variety of conditions.

CSO Use of Force

July 31-August 2, 2017

Cost: \$499

This course is geared towards agency use of force experts, administrators and members of IA. Students will be taught the latest, legally defensible use of force standards.

Intro to Less Lethal Operations

August 2 - August 4, 2017

Cost: \$399

This introductory course will cover the serious issues with less lethal platforms and how to transition from one platform to another under the most difficult of situations. The US C-SOG Intro to Less Lethal Combat program will teach students how to understand the operational capabilities of their weapons and will cover the most operationally proven equipment choices, tactical planning, and more.

CSO Team Development

August 7 - 11, 2017

Cost: \$999

This course will cover how to transition from CERT to SOG, including equipment list, team selection process, interview boards, policy and procedure development, how to acquire funding and much more. Students will get an overview of the totality of a successful CSO program as well as an orientation on all the important subjects relating to transition from a CERT to a SOG.

CSO Less Lethal / Shotgun

August 14-18, 2017

Cost: \$675

This course will cover the exclusive use of legally based less lethal options for a dedicated less lethal weapon platform. Students will be taught how to select the appropriate options, tactics and deployment techniques. This will give new users the introduction to CSO less lethal deployment methodology.

CSO K9 Decoy Development

September 4-8, 2017

Cost: \$999

This course will encompass decoy work for the jail/corrections environment. Topics covered will include: How to set up Use of Force standards for your K9, the fundamentals of Cell Extractions incorporating K9, CSO K9 decoy operations and CSO K9 decoy equipment selection.

COS - Correctional Officer Survival

September 4 -6, 2017

Cost:\$399

Correctional Officer Survival is specifically designed for the unique challenges within the corrections environment. This course has been directly credited with saving the life of correctional personnel.

CSO Multi-Unit Operations

September 11-13, 2017

Cost: \$499

This course will cover all aspects of inter-agency cooperation and execution of tactical operations during emergency situations.

CSO SOG Team Leader Certification

September 14 - 15

Cost: \$399

This course will give your SOG Team Leader the necessary tools to effectively run and lead an agency SOG Team with instruction from the most trusted and experienced SOG team leaders in the nation.

CSO Breaching Course

September 11-15, 2017

Cost: \$1200

This program has been designed for corrections breaching units. This program covers hard reinforced structures. This program is a non-explosive school. This course is a comprehensive mechanical / thermal and unconventional breaching program.

Team US C-SOG uses the most cutting edge and modern corrections breaching tools, equipment and techniques. Our instructors are reinforced structure specialists. Students attending this program will be taught how to respond to onsite critical correctional facility emergencies.

HRSP - High Risk Security Patrols

October 23-27, 2017

Cost: \$1200

The HRSP program has been deployed across this country in mega and small jails with zero incidents of excessive use of force, a major reduction in officer injuries and a rapid response time to incidents due to having active unit on scene.

These units are trained in how to deal with the most complex of corrections situations. HRSP units today allow an agency to have a great response to inmate disturbances, inmate intel, increased security for staff, inmates and facility. Agencies have trained micro units on scene within seconds meaning that they are always ready with a highly competent response.

CSO Leadership

November 6-10, 2017

Cost: \$799

This course will teach Executive Team Leadership skills such as: How to manage and run a successful SOG, conflict management, investigating use of force issues, dealing with personnel, equipment selection and budget management.

Less Lethal Combat Ops

November 6-10, 2017

Cost: \$999

The US C-SOG Less Lethal Combat Program has been designed for Corrections Special Operations Personnel with responsibilities for using the KSG Shotgun / FN 303 / Pepper Ball / 37 - 38 mm and 40 mm launcher in Special Operations situations. The US C-SOG Less Lethal Combat program will challenge all students both physically and mentally. This program is designed to meet the most stringent use of force guidelines and policies. Students will be taught how to deploy their less lethal weapons and munitions in internal and external high stress situations.

CSO Extreme Solo Operators Course 1 (ESOC)

November 20-24, 2017

Cost: \$2499

This course will teach the highest skill level of the corrections special operations operator. They operate under the highest level of operation and skill sets. This course will help the operator to make the best possible decisions under the most extreme circumstances. For small agencies that do not have the funding or resources to outfit a complete unit, this is the very best alternative!
